Scrappy Modern Medallions

31” x 31”

This class **features improvisational patchwork and a unique applique method** which makes multiple applique shapes at once, FAST! We’ll use water soluble thread, water soluble glue and stabilizer and different thread weights to make this project. All techniques are designed to make this project fast, fun and easy!

Before class:

Choose your colour palette before coming to class. If you are unsure about your choices, we will go over the options in class.

Refer to a colour wheel to help make choices. Choose 3 to 4 colours that are beside each other on the colour wheel. For example I chose yellow, green and blue. Add all the colours in between those three colours, blends of, such as lime, chartreuse, turquoise and teal.

To get started sorting you might as well sort ALL your scraps by colour. Once sorted, you can pick 3 or 4 colours for this project. Colour group examples as seen on a colour wheel:

- Yellow, green, blue
  yellow, orange, red
- Blue, purple, fuchsia
- Orange, yellow, green
- Green, blue, purple

Supply List:

- Sewing machine with ¼” foot
- Your fabulous fabric scraps (fat quarters are welcome too)
- New Microtex 80/12 machine needle for piecing (or your favourite)
- Neutral colour piecing thread – like 50wt Aurifil to coordinate with
- your fabric colour palette
- .60 metre background fabric
- 1 fat quarter for bias tape making, coordinate with scraps. This will be the large circle holding all the petals and binding
- ½” bias tape maker (loaners available)
- Blue wash away marker

Carola’s Thread Company
P: 604-740-7744
carolaquiltshop@gmail.com
