February 2024

President's Message

As I've probably already told you, Spring is my favourite time of year and although it's only mid February, it's really hard not to feel like Spring is just around the corner. Our crocuses are in bloom, tulips are up and some of bushes are starting to bud. I sure hope they don't get a nasty weather surprise in the coming weeks!

Unfortunately, I have not been able to get at my quilting projects for well over a month now. After dodging it for four years, I finally contracted COVID and I think it saved up four years of nasty stuff for me. I have had a time of it, but happy to say, I have tested negative and am improving every day. Please be careful out there.

We have one more Zoom meeting and I'm really looking forward to our speaker this month. We also have the AGM and elections, but I promise we will keep it short. I really hope to see as many of you as possible at the meeting.

In the meantime, Happy Quilting!

Everyone has a secret! Can you guess whose secrets these are?

Those who signed up for the Extravaganza were asked to provide a fun secret about themselves upfront. Attendees had to guess which secret belonged to whom. As guesses were confirmed, names were added to a lovely guilty board created by Carol Burdett. Can you guess? Answers on page 10.

I did a camel trek for a week

I once won a camel race in Cairo at the Sphinx of Giza

I needed to earn money in Paris in 1974. With 3 others, I travelled around Paris in a Citroen 2CV (2 horsepower car) distributing flyers on cars for minimum wage.

At 45 years of age I jumped out of an airplane. And lived to tell the tale.

I played ice hockey as a teenager.

the Extravaganza will be the first Guild event that I've participated in apart from guild meetings.

I helped deliver a calf in my best suit. That story was told at my wedding.

In high school I had forged my mother's signature so many times on forms and the like, that when she actually signed something in grade 12 for graduation, they called me in to the office and accused me of forgery. It was pretty funny when they called my mother, and she said "yes, that was my signature."

In the 70's I sewed hang gliders

I went to school by a school ferry.

I hiked the Grand Canyon down and up on the same day.

I acted in two productions of Midsummer Night's Dream

When I was 20 years old, I left home and family to work and live in another country

I was the stand in for Jacqueline Smith of Charlie's Angels, for the movie Escape from Bogen County.

Through years of hiking in the backcountry of B.C., I've lost count of how many grizzly bears I've seen in the wild (20+). It's been from a safe distance, often needing binoculars, but always awesome!

In 1960 I represented Vancouver Technical High School at a presentation of students who took tailoring classes in Vancouver High Schools. I modelled my Green Wool Blin & Blin suit, with yellow shoes and accessories. Our teacher impressed on us that our products must look HAND MADE not home made.

I paddled on the North Shore Dragon Busters team for many years and won many gold medals.

I took up sailing when I turned 49

I love to squirt people with the hose

In 2001 I played alongside Neil Diamond in the movie "Saving Silverman".

I enjoy kayaking and have been on several trips along the west coast of Vancouver Island

I was born in the the same city as Charles Dickens, which is Portsmouth, Hampshire UK

I had tonsils out twice, 42 years apart

I met my husband at a Square Dancing club for teenagers.

I have had a pet skunk twice

I used to have a private pilot's license

I had a regular singing gig at a Hard Rock Cafe. 30 years ago

At the age of 60 I decided it was time to learn how to ride a horse. Not any horse. But dressage. Anyways - I have yet to fall off!

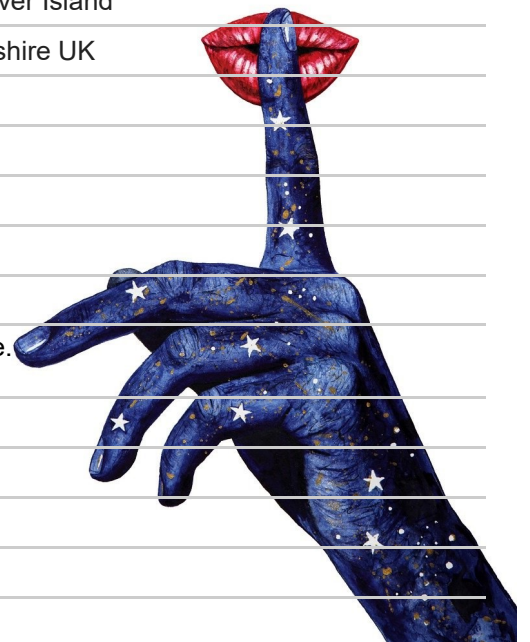

I taught line dancing for several years

I donated a kidney in 2000

I tap danced as an adult

I did the Grouse Grind once a week for 10 years!

I had dinner with Bill Gates and his dad (also Bill)

Programs

Will you be our next Program Coordinator? Volunteer needed!

I hope someone will consider the position of Program Co-ordinator. It is a fun position; you do get to pick the speakers! There is a committee formed to help you, so you are not on your own.

Thank you for the opportunity to be your program co-ordinator and I look forward to passing the torch!

Communications

Many thank yous to Tanith, who has volunteered to take on the Comms position! It's been a gas, but I've reluctantly decided not to continue in the role.

I'd also like to give a shout out to the Communications volunteers, Sherry, Sarah and Jane, who've put in a lot of work as Google Administrator, Newsletter Editor and Webmaster respectively.

They are the "angels" who produce the newsletter, keep the website up-to-date and attend to the house-keeping of the google drive (which the Exec team uses for emailing, admin and record-keeping).

Extravaganza 2024

Our January 27 Extravaganza at Gleneagles Golf Course saw 47 quilters gather for the day. There were plenty of goodies and good conversations. Some people worked on the cat quilt pattern and we look forward to many Zucchini's on the garden wall in the spring. Others had projects of their own. Please send photos or bring to show and tell.

Carole created a "what's my secret" game, where people sent us a surprise fact about themselves and we had to match the fact with the person. This led to lots of chats and even a couple of mysteries that were unsolved until the end of the day. Leslie C. ran a quilter's bingo game, to break up the day.

Thanks to everyone. You all signed up for a task for the day, which helped so much. Special thanks to Shauna for her great organization of the 2023 Extravaganza (we cut and pasted her ideas). Also to Carole who sewed all the little row marker booklets and organized the goodie bags, the kitchen crew who kept us in hot drinks all day, and the relentless crew of wagoneers and dolly drivers who helped get equipment to and from the cars.

If you have more photos to share, please email them to me.
